

Projects and Results

More information about **ALL** Interreg projects with **Latvian partners** (2014-2020) can be found **HERE**.

Please use function [DOWNLOAD \(LEJUPLĀDĒT\)](#) to receive a table with core information on on-going projects.

Other useful source on Interreg projects: www.keep.eu

Keep is the only source of aggregated data regarding projects and beneficiaries of European Union cross-border, transnational and interregional cooperation programmes among the member States, and between member States and neighbouring countries.

The **Interact** Programme, with the support of the European Commission and Interreg, Interreg IPA cross-border and ENPI/ENI cross-border programmes, built this database and maintains it, as part of its mission.

The database covers the 2000-2006, 2007-2013 and 2014-2020 periods.
